Figure - 3

Figure - 4

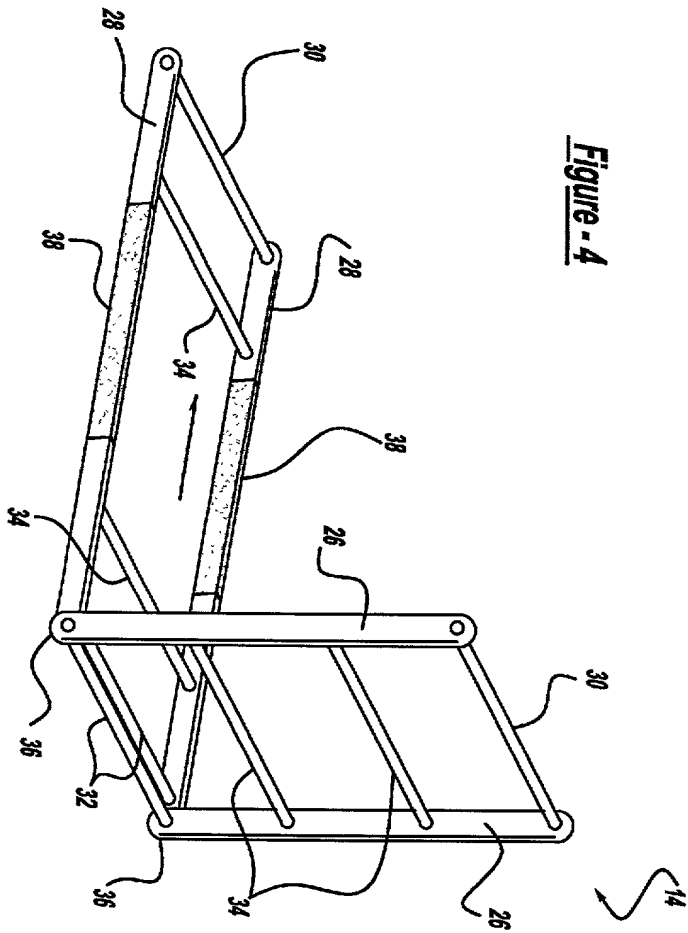

FIG. 4 is a perspective view of the assembly 14 in a partially folded position. The assembly 14 includes a base frame 26, a top rail 34, a vertical support 28, a horizontal member 38, and a curved member 36. The assembly 14 is shown in a partially folded position, with the top rail 34 and the vertical support 28 being folded towards the base frame 26. The horizontal member 38 and the curved member 36 are also shown in a partially folded position.
